PRODUCT DETAILS

Designed to look as good as they sound
Our MW07 True Wireless Earphones feature beautifully handcrafted acetate and a hand-polished stainless steel charging case to deliver a superior mobile sound tool. Technically sophisticated components such as custom 10mm Beryllium drivers, proprietary “Fit Wings,” innovative antenna technology and optical sensors that detect in-ear placement to automatically play and pause the earphones demonstrate that when it comes to designing the ultimate true wireless listening experience, no detail is too small.

Premium Materials
Handcrafted Acetate: Beautifully eye-catching and durable finish, with a lightweight, slim design. Each pair of earphones may vary in its exact pattern and color due to the material and hand finish.

Exceptional Acoustics
Beryllium Drivers: Custom 10mm high-performance Beryllium drivers deliver rich, expansive sound.

Best in-class connectivity
Advanced Antenna: Quick pairing technology and 20+ meter range of Bluetooth 4.2 connectivity.

Superior comfort and fit
Silicone “Fit Wings”: Proprietary technical innovation available in two detachable sizes for a custom and extra secure in-ear fit.

Elegant mobility
Stainless Steel Charging Case: Compact portability and holds 3 additional charges for a total of 14 hours of listening time.
