PRODUKTDETAILS

About the Retro Hand Blender
The RETRO HAND BLENDER is easy to use for blending ingredients into creamy, smooth textures with the various speed and turbo selections. The perfect partner for a heart-warming soup, a refreshing smoothy, a nice guacamole or even baby food. Choose the Retro Hand blender for outstanding smooth results.

Variable Speed Selections
The Westinghouse Retro Hand Blender includes 5 variable speeds, which can be easily switched without stopping the mixing process. Maximum power required? With the push of a button the turbo function can be enabled. The ergonomic handle ensures a comfortable grip so you can use the turbo function safely.

Removable Mixer Foot
After usage the high-quality stainless steel foot of the blender can easily be removed, which makes the Retro Hand Blender easy to clean. This provides easy storaging since the blender can be separated into two parts.

Stainless steel Blades
To ensure excellent cutting results for as long as possible, the Retro Hand Blender is equipped with stainless steel blades. The blades do not only process the ingredients very quickly, but also thoroughly and evenly. The texture of your blended ingredients has never been this soft!

Colour - Cranberry Red
To stay in the retro mood, CRANBERRY RED is elected to be one of the Iconic colours of the Westinghouse Retro Series. Do you remember the warm colour of cranberry chutney?
