PRODUCT DETAILS

Stunning sound

Equipped with a pair of 30 mm dome-type drivers, these Sony DJ headphones are able to deliver amazing, sense-engorging audio that will augment your favourite tunes, whether you're into rock, pop, folk or house.

Strong and easy to wear

Fitted with a fully adjustable headband, these headphones offer reliable durability and a comfortable fit. Furthermore, they are foldable for convenient packing and travelling. They feature swiveling ear cups that make them easier to wear around your neck – perfect for DJ use or for when you need to pause the music.

Built-in controls

You can play and manage tracks from your smartphone or use the integrated remote control. Meanwhile the in-line microphone guarantees clear phone calls.
