PRODUCT DETAILS

Wake up and fall asleep in style: the DIGITRADIO 52 is an elegant clock radio and a real eye-catcher on your desk. The exceptionally readable display covers the entire front of the device; all important information is just a glance away at any time of the day. The display backlight is adjustable so that you can fall asleep at night undisturbed. There is nothing better than this device for getting up and falling asleep, with its two adjustable alarm times, snooze function and sleep timer.

The built-in stereo speakers provide just the right amount of sound for the bedroom. You can lie back and listen to your favourite radio stations via DAB+ or FM in first-class sound quality.

Practical: The top of the DIGITRADIO 52 has a wireless charging surface to wirelessly charge compatible devices according to the Qi charging standard. Ideal for easily charging your smartphone during the night. Another option is to charge your smartphone via the USB port on the radio.
