SRP 79,00 €**79,00 €**

PRODUCT DETAILS

The TECHNIRADIO 4 IR offers full radio diversity. In addition to **FM** and digital **DAB+ radio** stations, the device also receives **Internet radio** via WLAN. You can listen to local and national programmes as well as radio stations from all over the world, which sound great through the integrated loudspeaker. There are **40 memory locations** each for FM and DAB+ favourites as well as ten memory locations for Internet radio stations. The TECHNIRADIO 4 IR is operated via two rotary controls on the front panel and clearly arranged buttons on the top panel, or conveniently via the TechniSat Connect Smartphone App. The compact housing also has a large, dimmable colour display.

Top equipment

- DAB+ digital radio
- FM radio (with RDS and PLL)
- Unlimited music variety via Internet radio
- TFT colour display (2.4")
- Clock and date display
- Two radio alarm timers possible
- Snooze and sleep function
- Favourite memory (40 for DAB+, 40 for FM and 40 for Internet radio)
