Radio with DAB+/FM-Stereoradio, Bluetooth-
Audiostreaming and colour display
Colour

PRODUCT DETAILS

Fancy a noise-free DAB+ radio in top-class stereo quality "Made in Germany"? The DIGITRADIO 4 C offers even more. In addition to DAB+ and FM, the digital radio also receives audio streams from mobile devices wirelessly via Bluetooth. Thanks to the two 10-watt stereo speakers from German sound specialists ELAC, every sound from the radio is transformed into an absolute audio miracle. Even soft sounds come across particularly well here when you use the equaliser to set the perfect sound for the respective music genre. The 2.8-inch dimmable colour display shows a lot of additional information about the current programme as well as album covers or supplementary pictures. Further advantages of the DIGITRADIO 4 C are the practical alarm and sleep timer functions. The radio is conveniently operated via two large setting controls or via the remote control supplied.

Sound amplified by ELAC

Look forward to radio and music enjoyment in excellent sound quality. The two stereo speakers were developed by the German sound specialist ELAC. The optimised arrangement of the two speakers ensures a perfect stereo impression. This is balanced sound with clear mids and highs as well as smooth bass, which can be adjusted via the equaliser, depending on your personal sound preference.

DAB

DAB+ digital radio is noise-free radio with extremely robust reception. DAB+ contrasts the regionally limited FM programme offering with many radio programmes broadcast nationwide in the best digital quality. In addition, there are numerous regionally broadcast stations.

FM/ RDS

Receive classic FM radio stations in your reception area. Via RDS (Radio Data System) you also receive extended programme information and alternative additional frequencies to the FM radio station you are listening to.

Watch

In addition to channel and other programme information, you can also display the time on the

integrated display. The clock information is transmitted electronically with the programmes received, so the correct time is set automatically.

Alarm clock / sleep timer

This unit has practical sleep timers with numerous adjustable switching times. This allows you to wind down comfortably in the evening without having to worry about switching it off. Via the integrated radio alarm function, you can be woken up by your favourite programme if you wish.

Equalizer

Manually control and adjust treble and bass to achieve an individual and optimal sound mix.

Bluetooth streaming

Bluetooth audio streaming lets you transfer music from your smartphone, tablet or PC to the unit without a wired connection and in the best quality.

What's in the box

- DIGITRADIO 4C
- Telescopic antenna
- F-connector tool (for the detachable antenna)
- Remote control
- Power supply unit
- Operating instructions

Specs

Product Attributes

EAN:	4019588039377
