The E4/600 are the in-ear bluetooth wireless headphones from Kygo. With up to 6h of playing time, these in-ears let you control your music and answer your calls, while offering the quality sound from Kygo with the aptX code.

Colour

## PRODUCT DETAILS

### Made with urban lifestyle in mind

These lightweight wireless earphones are a perfect fit for training or just an urban lifestyle. Bluetooth technology lets you move freely without compromising great sound quality. No need to worry about battery life. It recharges quickly within 1,5 hours and holds up to 6 hours of playing time. Music pauses when a call comes in and returns automatically.

### Perfect fit

The ergonomic design makes sure the earphones fit perfectly in your ear. You'll find the perfect ear-tip size for you in the 3 sets included. Pick your favourite colour and you're all set!

### Kygo sound

The E4/600 are working with Bluetooth 4.1 and to offer a better sound quality they also come with aptX code. Those in-ears will provide a clear and warm sound.

### Feel free to move

The in-earphones come with up to 6h of playing time. A carrying bag is also included in the package, so that you may transport them more safely when needed.

### Stay connected

The convenient remote control allows you to easily accept a call, change tracks or simply pause your current one. The integrated microphone allows you to make calls without taking your phone out of your pocket.

The E4/600 is compatible with both iOS and Android.
