### PRODUCT DETAILS

#### Modern design meets high-end sound quality

The Master & Dynamic MH40 headphones are designed as ultra-modern, mobile headphones. The wireless over-ear design will help you focus on your thoughts and get inspired.

#### Selected materials

Designed for decades of use, our Bluetooth headphones are made from only the finest materials for a rich, warm sound. Premium cowhide on the headband as well as on the ear pads gives the MH40 an exceptional look, while the ultra-comfortable, replaceable earcups and the headband inside are made of soft lambskin leather. This ensures a comfortable fit even during extensive periods of listening.

#### Incomparable sound

We did not settle when it comes to sound and spent a long time looking for a natural, detailed live sound signature for our headphones. Our expansive soundscape captures all the details that well-recorded music has to offer. Our tuning was designed to complement a variety of tastes and musical genres.

#### Decades of use

Our headphones use only high-quality materials to ensure decades of use. We design our products so that many parts are easily replaceable and ensure that our headphones will perform well in the coming decades.
