PRODUCT DETAILS

USB-C Power Delivery

A5 PD features leading USB-C Power Delivery technology for a range of exciting new USB-C devices. The USB-C port supports both input and output with up to 18W. Fast charge iPhone X, iPhone 8, or iPhone 8 Plus up to 50% in just 30 minutes. Thanks to USB-C Power Delivery, the A5 PD recharges itself in just 5 hours - 1.6 times faster than the original A5.

Zen+ 2.0 Adaptive Charging, QC 3.0 Compatible

The USB-A port of the A5 PD is equipped with brand new Zen+ 2.0 adaptive charging technology. It provides 5V/3A, 9V/2A, 12V/1.5A with up to 18W output, which is fully compatible with QC 3.0 Quick Charge. The Micro-USB port features Zen+ 2.0 as well, receiving up to 18W input for recharging. With upgraded Zen+ 2.0, you can enjoy top charging speed with a "Zen" peace of mind.

Pass-Through Charging

With a unique charge-through function, you can charge your USB-C devices with A5 PD while recharging its internal battery with Micro-USB input. A stunning feature that lets you enjoy pass-through charging for USB-C devices.

Compact Size with More Capacity

The A5 PD is a superb choice for people who need more capacity for the road. It features five lithium-ion cells with incredibly high energy density, which can easily extend your phone usage 4-6 times.

Ultimate Compatibility

The Zendure A-series is compatible with almost all Apple and Android smartphones, tablets and other USB-charged devices. Enjoy the fastest possible charging speed with your latest devices, e.g. iPhone X, iPhone 8, iPhone 8 Plus, Galaxy S9, Nintendo Switch.

Packed with Features

The A-Series battery will automatically turn itself on when connected to a compatible device for

charging, then switch back to standby once charging is complete.

The A-Series battery can maintain up to 95% of the original charge after six months without use.

Included Accessories

- Zendure Power Bank A5 PD
- Micro USB Cable
