PRODUCT DETAILS

Watch Everything. Anywhere.

Set the perfect viewing angle with the flexible stand. Simply mount the indoor security camera to any flat surface like a shelf or closet. You can even stick the camera on a wall with the included double-sided 3M tape!

Motion Detection

Receive notifications instantly on your smartphone when the smart security camera detects motion. A screenshot is included so you can immediately see what's going on.

Check in on Your Home Anytime!

Whether you're at home or away, you can control, monitor and schedule the smart indoor camera from anywhere in the world using the Hombli app on your smartphone.

Watch, Listen and Talk...

Watch live video streams from the smart home camera on your smartphone. 2-way audio with built-in speaker and microphone allows you to communicate directly with whoever is in front of the smart camera.

"Hey Google!"

The smart security camera works with the Google Assistant and Amazon Alexa for hands-free voice control. With IFTTT you can easily create home automations with smart home devices from any brand.

Smart Scenarios

Set up the smart security camera to automatically operate to specific conditions like time or custom actions. Simply combine multiple smart home devices to create scenarios, and control them with a single tap or voice command.
