PRODUCT DETAILS

GDPR Compliant

We respect your privacy and only use data that is required to deliver the best smart home experience to you. Hombli is powered by Tuya Smart and follows international standards for privacy protocols, information security and identity protection.

Full Control With Your Smartphone

Remotely check if home appliances are left on by accident and turn them off from anywhere using the free Hombli app. Leave your home worry-free!

Real-Time Energy Monitoring

Save money by monitoring real-time power reports from your home appliances and set schedules to cut costs.

Control The Smart Socket From Anywhere

Whether you're at home or away, you can control, monitor and schedule the smart plug from anywhere in the world via the free Hombli app.

"Alexa, turn on the coffee-maker!"

The smart plug works with Amazon Alexa, Siri and the Google Assistant for hands-free voice control. Use your voice to power the coffee-maker when you wake up in the morning for instance. Create automations with any smart home device that supports IFTTT.

Just A Single Tap...

Set your smart socket to automatically operate to specific conditions like time, sunset/sunrise, temperature or custom actions. You can also create scenarios with multiple smart home devices, and control them with a single tap or voice command.

Hombli Smart socket

- Operation via your Smartphone
- Mechanical on-off switch
- Measurement of electricity consumption
- Overvoltage protection
- Setting timers and schedules
- Voice control via Google Assistant, Siri and Alexa
- 220-250 V / up to 3680 W / up to 16 A
