PRODUCT DETAILS

Full Control with the Hombli App

Create the perfect light setting in your home for reading, working, studying, or any other activity. With the Hombli app you can easily turn your lights on/off, set the color temperature, or adjust brightness.

Control Your Lights With Your Voice

Control your smart lighting with voice control through the Google Assistant, Amazon Alexa or Siri. Use hands-free voice commands such as:

- "Hey Google, dim the lights in the living room"
- "Hey Alexa, make the lights warmer"
- "Hey Siri, turn on the lights"

Control From Anywhere

Whether you're at home or away, you can control, monitor and schedule your home from anywhere in the world via the free Hombli app.

Easy Home Automation

Create personalized smart scenarios for your Hombli devices and control them manually or automatically. The user-friendly app interface makes home automation a piece of cake. Execute scenarios automatically when pre-set conditions are met. Choose triggers like time schedules, sunset/sunrise, weather, temperature, humidity, or other devices.

Hombli Smart Spot - CCT
