

## Supercharger UKESPL

250253  
SRP 64,99 €

**64,99 €**

The 27.5W Supercharger (International Dual-Port Charger) charges two GoPro devices simultaneously. The USB-C port charges fast-charge compatible GoPro devices 20 to 70% faster (1) than a conventional charger (2). And you can continuously power your GoPro during longer captures.

### PRODUCT DETAILS

The fastest way to charge your GoPro, the 27.5W Supercharger (International Dual-Port Charger) lets you charge two GoPro devices simultaneously - anywhere in the world. The USB-C port offers 20 to 70% faster charging on fast-charge compatible devices (1) compared to using a conventional charger (2). You can also continuously power your GoPro during longer captures. Includes interchangeable AC plugs for US, UK, EU and AU style wall sockets.

#### Feature Bullets

- The 27.5W charger charges up to two GoPro devices at once
- The USB-C port charges fast-charge compatible GoPro devices up to 20 to 70% faster (1) than a conventional charger (2)
- The fast-charging USB-C port charges at 5.1V 3A, 5.5V 3A, and 12V 1.67A, while the USB-A port charges at 5.1V 1.5A
- Continuously power your GoPro during longer captures, like time lapse photography
- Includes AC plugs for US, UK, EU and AU style wall sockets
- Works with most devices that can be charged via USB (3).
