### PRODUCT DETAILS

#### Powerful in-depth cleaning & advanced obstacle detection

DEEBOT OZMO T8/T8+ is the first vacuum and mopping robot with state-of-the-art TrueDetect 3D technology. With structured light technology and a 3D scanning algorithm, the robot scans surroundings extremely precisely and detects even the smallest obstacles in the room to avoid collisions, getting stuck or tangled. Equipped with brand-new TrueMapping technology, it maps your home with 4X the accuracy.\* A deep clean with superior cleaning efficiency is ensured with ECOVAC's powerful pressure-retention suction system as well as the new and unique OZMO™ Pro mopping technology that consists of a water tank with a high-frequency vibrating mopping plate, ideal for dealing with stubborn stains. T8+ comes with auto-empty station that holds up to 30 days dust and dirt with the station's disposable dust bag. Enjoy a clean home for weeks.
