

Ecovacs Magnetic Boundary Stripe for the U2 series

249150
SRP 29,99 €

29,99 €

Magnetic boundary strip for closing off areas of your house, hindering your Ecovacs robot vacuum cleaner from going to places it should not.

PRODUCT DETAILS

ECOVACS Magnetic Boundary Stripe is a magnetic tape designed for robotic vacuum cleaners DEEBOT U2 / U2 Pro Series. The tape, with a total length of 3 m, is used to define the space to mark the area where you do not want the robot to travel. The robotic vacuum cleaner recognizes this tape and avoids confined areas. The tape can be cut with ordinary scissors as you like and you can use the connector included in the package to define the corner or extend the length.
