SRP 99,00 €

99,00 €

Perfect for travel, the TSA carry-on approved Hypersphere Mini targets your tightest areas with precision to help you move better wherever you roam.

PRODUCT DETAILS

Take it everywhere

The Hypersphere Mini is a massage ball that fits into the palm of your hand. With three speeds of vibration—low, medium, and high—you can roll it over your muscles, wherever they need some loosening up.

Compact and powerful

The compact, textured, vibrating Hypersphere Mini is an affordable, travel-friendly massage ball that fitness enthusiasts swear by. Ideal for rolling out after a workout, but also great for those long workdays spending too much time sitting down.

Details and specifications

- A hard outer shell optimizes vibration intensity and muscle connection
- Pinpoint specific areas with three powerful speeds
- Battery life - 2 hours
- Speed - 3 speeds of vibration

What's included with your Hypersphere Mini

- Hypersphere Mini - The actual device
- USB cable - To plug your device in and charge
- Desktop stand - To rest your device on
