PRODUCT DETAILS

Ultra-modern hand blender with stainless steel housing and soft touch buttons. It has multiple preparation functions such as ice crushing, chopping and mashing.

The detachable hand blender foot makes it very portable and easy to store after usage. There is no need to worry about waking up the house if you're going for a night time snack as the low noise motor allows you to use the hand blender at any time you desire. The detachable stainless steel foot is not only easy to clean by hand, it can also be conveniently washed in the dishwasher.
