89,99 €

Turn your HERO8 Black into a production powerhouse with the mountable Media Mod. It features an incredible built-in directional mic, a 3.5mm mic port for your favorite external mics, an HDMI-out port and two cold-shoe mounts.

Style HERO9, **HERO8**

PRODUCT DETAILS

Turn your HERO8 Black into a production powerhouse with the mountable Media Mod. It features an incredible built-in directional mic and a 3.5mm mic port for your favorite external mics. Use the HDMI-out port for easy playback on your TV and two cold-shoe mounts to attach lights, mics or LCD screens.

Features

- Built-in directional mic highlights voice audio and reduces ambient noise
- 2 cold-shoe mounts to attach your favorite lights, mics or LCD screens
- 3.5mm mic port lets you add an external mic for enhanced audio
- HDMI-out port to monitor or play back your footage
- Unique and compact wraparound design adds portable expandability and ensures mounting remains easy
- Specially designed for use with Display Mod and Light Mod for HERO8 Black, and compatible with third-party accessories

What's Included

- Media Mod for HERO8 Black
- Vertical Mounting Buckle
- Thumb Screw
