99,99 €

Focusing on the road behind you, the Nextbase Rear Window Camera will guard you from tailgaters and rear impacts.

Style **REAR WINDOW CAMERA**

PRODUCT DETAILS

Protection all round you
The Nextbase Rear Window Camera offers all-round protection to guard you from tailgaters and rear end impacts to knocks and bumps in a car park. It uses a 140° ultra-wide viewing angle to capture the entire road behind you, including the pavement on both sides. The Rear Window Camera easily attaches to your front-facing Nextbase Dash Cam via a 6m long cable, which can be hidden under the roof lining. It uses a fully adjustable magnetic mount to give you total flexibility. Using Neodymium magnets, the table tennis-ball-sized camera is discreet and can be used at any angle.When you are using a rear-view camera module, the resolution of your front camera will automatically adjust to manage the two high resolution video files. The options for these settings are 422/522GW Front 1080p & Rear 1080p OR Front 1440p & Rear 720p and for 322 GW Front 1080p & Rear 720p. Compatible with Nextbase 322GW, 422GW and 522GW models.
