Wake up to your favourite FM/DAB+ station with this timeless classic, the DIGITRADIO 51. A large dimmable display makes reading information easy, but won't disturb you during the night. 2 separate alarms, a sleep timer and a snooze function puts you in control of your sleep.

Colour

PRODUCT DETAILS

A timeless classic for the bedroom - the DIGITRADIO 51 is a DAB/FM clock radio with two adjustable alarms, a snooze function and a practical sleep timer. This enables you to set the alarm cycle how you want, for example only for workdays or only for the weekend.

Particularly striking is the large, dimmable LCD display that makes the DIGITRADIO 51 perfect for use in the bedroom. It means you can quickly and easily see what time it is - even when half-asleep. As well as the inbuilt speaker, you can also attach headphones to listen to music if you wish.
