### PRODUCT DETAILS

#### All day listening

With more than 25 hours of wireless playback, there is no need to worry about running out of battery. Just touch, play and go.

#### Wireless

Experience your music with wireless freedom through Bluetooth and Qualcomm aptXTM audio. Great sound made convenient.

#### Sound isolation

The soft and adaptive ear cushions efficiently keep surrounding sounds out and your music confined to your ears.

#### Touch control

The integrated touch control function facilitates your listening experience by giving you full access with only one touch. Take calls, browse your favourite songs and much more at ease.

#### Touch lock

The touch lock secures the controls, allowing you to play around with your u-JAYS Wireless any way you want without unintentional interruption.
