PRODUCT DETAILS

DJ FROM INSIDE OR OUTSIDE THE BOOTH

The XDJ-R1 is the all-in-one dream: the union of CD/USB decks, DJ software control, a top-flight mixer, powerful performance features and intuitive remote control via iPad, iPhone and iPod touch using our remotebox app. Analyse your tracks in the included rekordbox™ software and load via USB to access a host of exciting features including Beat Sync and Quantized Beat FX.

LET'S GET DIGITAL

Simply plug in your rekordbox USB or connect your iPhone, iPod touch or Android smartphone to load tracks directly to the XDJ. Access a multitude of advanced performance features by preparing your tracks in rekordbox or using the rekordbox app.

CONTROL WITH IPAD/IPHONE

Download remotebox™ (free) to use your iOS device to control the XDJ-R1 from anywhere in the room. You can browse, load and mix your rekordbox tracks – and trigger FX, Auto Beat Loops, Hot Cues and samples.

USB PLAYBACK

It still plays your MP3, AAC, WAV and AIFF files stored on USB devices.

ADDITIONAL CONNECTIVITY

Use the XDJ as a controller for DJ software via MIDI connection.
