Remote-controlled micro system with Bluetooth, CD, FM radio, MP3 USB port and wake-up function

Colour 

Style **STANDARD**

PRODUCT DETAILS

Micro system with Bluetooth convenience
Thanks to the smart phone and a plethora of music apps, nowadays you can always have your favourite songs within earshot. At home you can stream wirelessly to the system via Bluetooth – for example, to an X-EM 26 that takes up little space thanks to its compact dimensions, even in rooms that had to do without music until now.

You will be surprised how many of these rooms there are and how good sound has improved the attractiveness of these spaces. In addition to Bluetooth, the X-EM 26 can also play CDs of course, receive FM radio and play MP3 songs from USB flash drives.

Use the timer function to wake you up with music and fill somewhat larger rooms with beautiful sound without sounding thin or even overwhelmed using the P-bass and EQ functions. The auxiliary port allows other playback devices such as an external streamer or the TV sound to be connected.

Audio features Main Unit:

- Digital Amplifier
- Power Output: Total 10 W (1 kHz, 10 % THD, 8 ohms)
- FM (RDS) Tuner (20 Presets)
- Built-in Bluetooth® (ver. 4.0, profile: A2DP 1.2/AVRCP 1.4, codec: SBC)
- Sound Equalizer with 5 Presets (Flat, Pop, Jazz, Rock, Classic)
- Bass Enhancer “P.BASS”
- CD-Audio, CD-R/-RW (MP3)
- USB Device (MP3)
