PRODUCT DETAILS

Introducing Zendure SuperPort 4 100W Dual USB-C Desktop Charger
To charge your SuperTank at maximum speed, you need a compatible 100W USB-C charger and a USB-C cable that supports 5A current throughput. That's why we are also introducing Zendure SuperPort 4.

This is the first desktop charger to offer industry leading 100W USB-C charging technology, making it a perfect companion for SuperTank.

100W Power Delivery
With 100W maximum USB-C Power Delivery, SuperTank can be recharged in just one hour. This also means it can charge the latest USB-C devices at top speed, including MacBook Pro, MacBook, iPad Pro, iPhone XS, Nintendo Switch and more.

Charge Four Devices Simultaneously
SuperPort 4 features two USB-C ports and two USB ports with Zen+ 2.0, allowing you to charge up to four devices simultaneously with a maximum combined output of 136W.

Intelligent Safety Protection

- Automatic Current Matching
