29,95 €

Smart IR remote that combines all your infrared remote controls in one device.

PRODUCT DETAILS

Reliable Data Protection

We respect your privacy and only use data that is required to deliver the best smart home experience to you. Hombli is powered by Tuya Smart and follows international standards for privacy protocols, information security and identity protection.

Universal Smart IR Remote

Turn your smartphone into a universal remote using the Homli app. Supports over 80.000 devices from popular brands including Samsung, Sony and Philips.

"Alexa, turn on the TV!"

Works perfectly with Amazon Alexa, the Google Assistant and Siri for hands-free voice commands. Use your voice to turn on/off the TV, air conditioner (AC) or any other IR remote controlled device.

Use IFTTT to create custom automations with multiple smart home devices from other brand

Just A Single Tap...

Set your Smart IR Remote Control to automatically operate to specific conditions like time, temperature, sunset/sunrise and custom actions.

You can even combine multiple smart home devices and control them with a single tap or voice command.

Hombli Smart IR remote control

- Replaces all your infrared remote controls
- Operation via your Smartphone
- Compatible with televisions, stereo systems, DVD players, air conditioning and much more
- 360° reception

- Voice control via Google Assistant, Alexa and Siri
