The split design is adopted for the MP3 player and the car charger, and the MP3 player can be attached to the center console for easy operation in the car.

PRODUCT DETAILS

Split design
The split design is adopted for the MP3 player and the car charger, and the MP3 player can be attached to the center console for easy operation in the car.

Wireless 5.0 for stable transmission
With Bluetooth 5.0 technology, transmission is faster and more stable.

Dual USB charging port
Supports dual USB port output, which makes simultaneous charging of multiple devices easier.

Battery voltage detection
The battery voltage is automatically detected when starting up, thus ensuring safe driving without hidden dangers.

One-key hands-free call
Built-in ultra clear microphone, one-key answering, rejecting incoming calls and redialing the last number.

TF Card/AUX music playback
Both music playback from a TF card and lossless output/playback with AUX audio cable are supported.

Large LED digital display
Features motion scanning technology. Digital display is stable without spots, and easier visibility at night.
