PRODUCT DETAILS

Full HD 1080 webcam for video calling

eMeet streaming webcam specifically designed and optimized for professional video streaming on social gaming and entertainment like Twitch and YouTube. True-to-life 1920 X 1080p video at 30fps and 4 layer anti-glare glasses lens delivers sharp, smooth video for Skype chats and YouTube recordings. Whether teleconferencing at home and choosing eMeet C960 webcam for your home office or on a video call with relatives, you can get a fluent video experience.

Spectacular Audio Quality

eMeet streaming webcam is built in 2 stereo omnidirectional microphones applying with eMeet VoicelA technology, picking up your voice and filtering out background noise to creating an excellent radio effect. eMeet webcam with microphone enables you to enjoy crystal clear voice for hassle-free communication. (When installing the USB webcam, remember to select eMeet C960 HD webcam as the default device for the microphone)

Low dependence on light condition

Automatic low-light correction technology is applied in eMeet 1080P HD webcam so that the PC camera could capture the image in dim light. eMeet C960 USB webcam also has low-light boost, color boost and adjust exposure so you look your best, even in dim and harsh lighting. Imagine you are working in front of a sunny window. Is it convenient for no need to draw the curtains first when a video call comes in to get a normal exposure picture?

Crystal clear picture & 90 degree wide view

The lens of the C960 HD webcam is composed of 4 layers of glass instead of cheap plastic film, ensuring that the picture displayed during the video conference is more realistic. As compared to plastic lenses, glass lenses can provide a higher degree of color reproduction. The 90° wide-angle lens can accommodate more participants. In video calls, there is no need to frequently adjust the direction of the camera to show people in different positions.

Plug-and-play & high compatibility

No driver required. eMeet C960 1080P webcam can be used without drivers to realize plug and play for saving your trouble. Whether it is a video call with relatives at home or a meeting with colleagues in the office, the streaming webcam is perfectly suited for you as a tripod-ready universal clip C960 webcam has can be clamped on most display equipment like TV, computer and so on. The powerful compatibility of C960 makes your video easier.
