

Handlebar / Seatpost / Pole Mount

148808
SRP 39,99 €

39,99 €

Mount your GoPro to handlebars, seatposts, ski poles and more. The hinged, non-slip design easily clamps to different mounting locations or secures to a pole or pipe to create a handheld boom. The mounting buckle lets you move your GoPro between mounts on the fly, and the base features 360° rotation to help achieve the perfect angle for every shot. Fits 9 to 35mm diameter tubes

PRODUCT DETAILS

Mount your GoPro to handlebars, seatposts, ski poles and more. The hinged, non-slip design easily clamps to different mounting locations or secures to a pole or pipe to create a handheld boom. The mounting buckle lets you move your GoPro between mounts on the fly, and the base features 360° rotation to help achieve the perfect angle for every shot. Fits 9 to 35mm diameter tubes.

- Hinged, non-slip design sets up in seconds and clamps to any 9 to 35mm diameter tube
- Rotating base features 360° rotation with 16 secure positions, ensuring the perfect angle and allowing rapid changes in perspective for more dynamic footage
- The mounting buckle lets users move their camera between mounts on the fly, enabling fast and easy changes in perspective
- Durable construction prevents slipping and breaking and minimizes vibration and camera shake
- No loose parts to drop or lose
