Smart light bulb for the perfect ambiance lighting for watching TV, reading and more.

PRODUCT DETAILS

Create the perfect light setting in your smart home with the dimmable Hombli B22 Smart Bulb RGB. Choose from16 million colours to set the perfect ambiance for music, movies, parties or any other occasion.

Easy Installation
Installing the smart bulb is as easy as any other lightbulb. Connect it to your home Wi-Fi in no time through the free Hombli app. You can use the app to remotely turn the lights on or off, adjust colour and brightness and set schedules. You can even create custom automations with any smart home device that is powered by Tuya Smart.

Voice control with Amazon Alexa or Google Assistant
Use your voice to control the smart bulb with Amazon Alexa or the Google Assistant/Home. Voice control will be your assistant during your daily house tasks, take control of your household when cooking your favourite meal and dim the lights just before serving dinner to create that perfect atmosphere. You can control multiple smart bulbs at the same time. Moreover, since Hombli Smart Bulbs are connected with Wi-Fi, you can remotely control them with your smartphone from anywhere at any time even when you are not at home.
