Mini fridge with cooling and heating systems and a volume of 8L.

Colour

PRODUCT DETAILS

Cooling/heating
Possessing both cooling and heating systems, this refrigerator is able to keep the temperature at 65°C in winter and 0°C in summer (temperature difference around 25°C).

Power 60W
High-power operation speeds up the cooling/heating to keep contents fresh.

8L capacity
Ideal to keep foods such as yogurt and fruits or drinks cool and fresh.

Mute function
No noise thanks to mute setting, which prevents distractions while you're working or resting.

Leather handle + wood base
Simple wooden base with small leather handles gives this practical item an exclusive, elegant look.

Car and home use
Can be used with 1.5m car DC or household AC power cords.

Cosmetics and medicine
In summer, you can use the fridge to keep your skin care and cosmetic products cool, preventing softening or melting of texture. It's also great to store medical products that need to be kept cool.

Consumes about 1 kWh per day
With 60W low power and about 1 kWh for 24 hours of operation, efficiency is high, and energy is saved.
