

DEEBOT

Features

- Smart Navi™ 2.0
- Max Mode
- High-efficiency filter system
- App Control

Elegant design, innovative technology

Introducing ultimate cleaning performance

Live Smart. Enjoy Life.

DEEBOT 710

If you're looking for a state-of-the-art device to provide the ultimate cleaning performance, the DEEBOT 710 is what you need. Equipped with powerful functions, including Smart Navi™ 2.0 Navigation Technology, the DEEBOT 710 ensures your home is cleaned thoroughly, efficiently and reliably. This handy helper comes with a host of cutting-edge features that will make you quickly forget those annoying days of manual cleaning. Now you can sit back and relax, while your DEEBOT takes cleaning to the next level with its strong suction power for demanding areas as well as its high-efficiency filter for pleasant indoor air.

FEATURES

Smart Navi™ 2.0 Navigation Technology

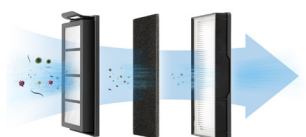

With its camera and advanced SLAM graphics algorithm, the unique Smart Navi™ 2.0 Navigation Technology enables the DEEBOT 710 to map your entire home while vacuuming. This information is then used to optimize the cleaning of rooms with a systematic cleaning pattern to avoid redoing or missing any areas.

Max Mode

Eliminate any hard-to-clean dirt by activating the Max Mode cleaning function. This doubles the suction power to easily take care of stubborn dirt on both hard floors and carpets.

High-efficiency filter system

Now allergy sufferers can breathe a sigh of relief! With its metal mesh filter, sponge filter and fine particulate air filter, the DEEBOT reduces airborne triggers associated with allergies and asthma.

Convenient app control & OTA update

With the simple-to-use ECOVAS app you can control and monitor your DEEBOT anytime and anywhere: start/stop, set the timer, or check the reporting map. Thanks to the integrated OTA update function, you can seamlessly keep your robot up to date to ensure trouble-free cleaning.

Intelligent Technology

Easy to use. Easy to maintain.

Daily time scheduling.

Automatic charging.

Obstacle detection.

Stair safety technology.

Key Specification

Noise Level	Approx. 65 dB
Charing Time	Approx. 4 hrs.
Battery	Li-ion, 2600 mAh
Max Working Time	Approx. 110 min.
Dust Bin Size	520 ml
Doorsill Crossing	Approx. 1.6 cm

What's in The Box

- 1 Robotic vacuum cleaner DEEBOT 710
- 1 Charging dock
- 4 Side brushes
- 2 High efficiency filter
- 1 Remote control
- 1 Cleaning tool
- 1 User manual

Technical Specifications

Name	DEEBOT 710
Weight	3,65 kg
Dimension of the robot	325 x 325 x 81 mm
Product Packaging Weight	5,3 kg
Product Packaging Dimension	499 x 138 x 405 mm
Packing weight (1 in 1)	5,8 kg
Packing dimension (1 in 1)	515 x 153 x 425 mm
EAN EU	6943757612093
