Features

Suction and water module
High-performance cleaning
3-Stage system
Systematic cleaning path

A true multi-talent that gets the job done

Easy to operate and a strong suction power for a clean floor

Live Smart. Enjoy Life.

DEEBOT 605

Are you fed up with having to waste time vacuuming and wiping your floor? Would you prefer to spend more time enjoying the nicer things in life? Then, the DEEBOT 605 is just right for you. It's ideal for vacuum-cleaning hard surface floors but can also wipe the floor once you attach the included water tank! And if you're looking to clean your carpet, it will gladly take care of that too. Its systematic, back-and-forth cleaning path is particularly efficient, so it can cover a larger cleaning area. And with the easy-to-use app, you can control the DEEBOT from anywhere at anytime. The DEEBOT 605 is your handy helper you can simply forget about - it charges itself, it cleans when and where you tell it to, it avoids obstacles and doesn't bump into furniture, and its stair safety technology even ensures it doesn't fall down any stairs. Cleaning your home doesn't get much easier than this!

FEATURES

Exchange of suction and water module

The DEEBOT 605 is a true multi-talent that can even mop your floor. You simply need to remove the dust container and attach the water tank. As soon as it is attached, the DEEBOT automatically goes into mopping mode and follows a systematic cleaning path. The water flow automatically stops if the robot stops or returns to the docking station.

High-performance cleaning on all floor types

The DEEBOT is able to clean multiple floor types, including both hard surface floors and carpets. It comes with a high-performance cleaning system that can tackle a variety of cleaning tasks.

Control the DEEBOT - anytime and anywhere

With the ECOVACS HOME app on your smartphone you can manage and control the DEEBOT from anywhere. Determine when the DEEBOT should start cleaning, monitor the cleaning status or start a new cleaning session at the touch of a button – it's no problem with the easy-to-use app!

Systematic cleaning path for greater efficiency

The DEEBOT's intelligent cleaning mode makes it ideal to efficiently vacuum hard surfaces and fur of your beloved pets. Its systematic, back-and-forth cleaning path is particularly efficient, so it can cover a larger cleaning area.

Intelligent Technology

Daily time scheduling.

Easy to use. Easy to maintain.

Automatic charging.

Obstacle detection.

Stair safety technology.

Key Specification

Noise Level	Approx. 65 dB
Charging Time	Approx. 4.5 hr.
Battery	Li-ion, 2600 mAh
Max Working Time	Approx. 110 Min.
Dust Bin Size	520 ml
Doorsill Crossing	Approx. 1,4 cm

What's in The Box

1 Robotic vacuum cleaner DEEBOT 605	1 User manual
1 Power Adapter	1 Charging dock
1 Water tank	1 Cleaning tool
2 Washable mopping cloth
