Window cleaning has never been so convenient

Simplify your window cleaning with WINBOT

Live Smart. Enjoy Life.

WINBOT 880

WINBOT 880 cleans your windows whenever you want and is especially convenient for hard-to-reach places. WINBOT 880 is operated and controlled with a handy remote control and works efficient and safe thanks to upgraded WIN-SLAM 2.0 technology, edge detection for frameless windows and an intelligent security design. The 4-stage cleaning system with different optional cleaning modes ensure a thorough clean. With new voice assistant WINBOT 880 is now even more user friendly.

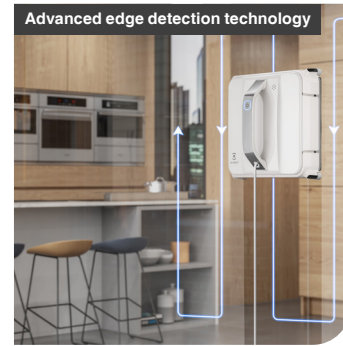

As window cleaning robot inventor, ECOVACS Robotics has been devoted to WINBOT product research and development since 2011.

KEY TECHNOLOGIES & PRODUCT BENEFITS

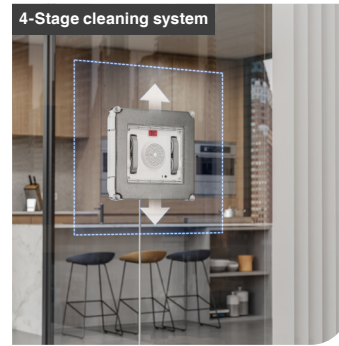

Intelligent and efficient cleaning

With upgraded WIN-SLAM 2.0 technology WINBOT 880 provides a more efficient and thorough clean. For your comfort and safe retrieval WINBOT returns to the starting point after finishing cleaning.

Frameless window cleaning

No matter whether the glass is framed or frameless, WINBOT 880 automatically knows how to avoid going over any edges. This is especially useful for mirrors and glass winter garden.

Thorough cleaning

WINBOT cleans your glass with a thorough and focused 4-stage process. You can also choose a deep clean mode over the usual automatic clean, causing it to go back over the same areas to ensure a polished end result. Choose spot mode for areas that need the most attention.

Safe cleaning

WINBOT secures itself onto the glass with an advanced suction fan. In the unlikely event the mains are cutted it stays secured to the glass thanks to the internal backup battery. Even if it detaches from the glass, the WINBOT 880 arrests falls with a safety suction pod and tether that is made of highly elastic and durable rubber.

Specification

Name	WINBOT 880
Noise Level	ca. 70 dB
Charging Time	N/A (connected with power)
Battery	Lithium 650mAh
Max Working Time	unlimited (connected with power)
Cleaning Modes	Auto, X2, Spot
Min cleaning size	one side >30cm
Weight	1,8 kg
Dimension of the robot	247 x 246 x 115 mm
Product Packaging Weight	4,3 kg
Product Packaging Dimension	463 x 306 x 145 mm
Packing weight (1 in 1)	4,8 kg
Packing dimension (1 in 1)	478 x 155 x 320 mm
EAN EU	6943757613878

Additional Features

Voice Assistant

Vocalizes its real time updates on top of the visual cues.

Standard Features

4 stage cleaning system

All flat glass types (>3mm)

Remote control

Edge detection technology

Additional Accessories

Winbot cleaning solution

Washable Cleaning pads
